& MEDICALLY TESTED
UVC
AIR PURIFIER**

+

+

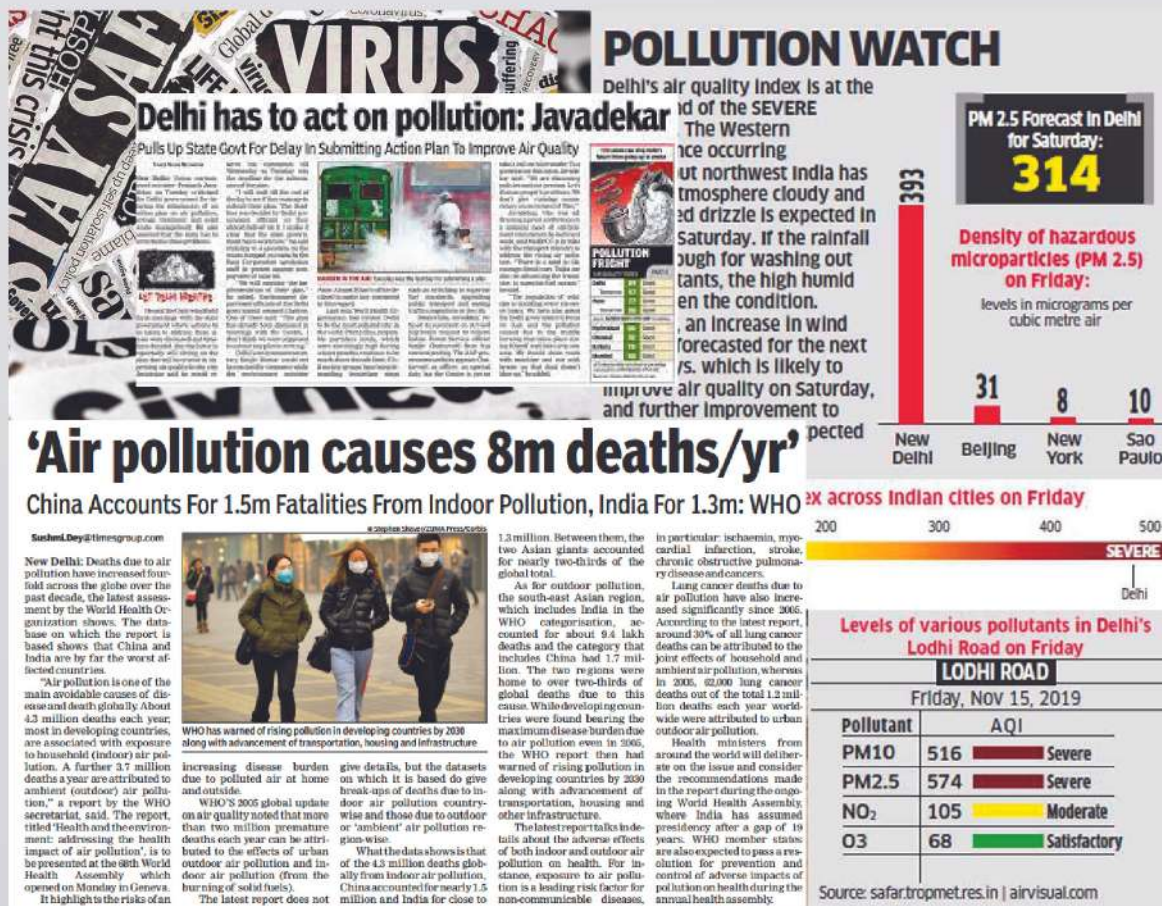

+

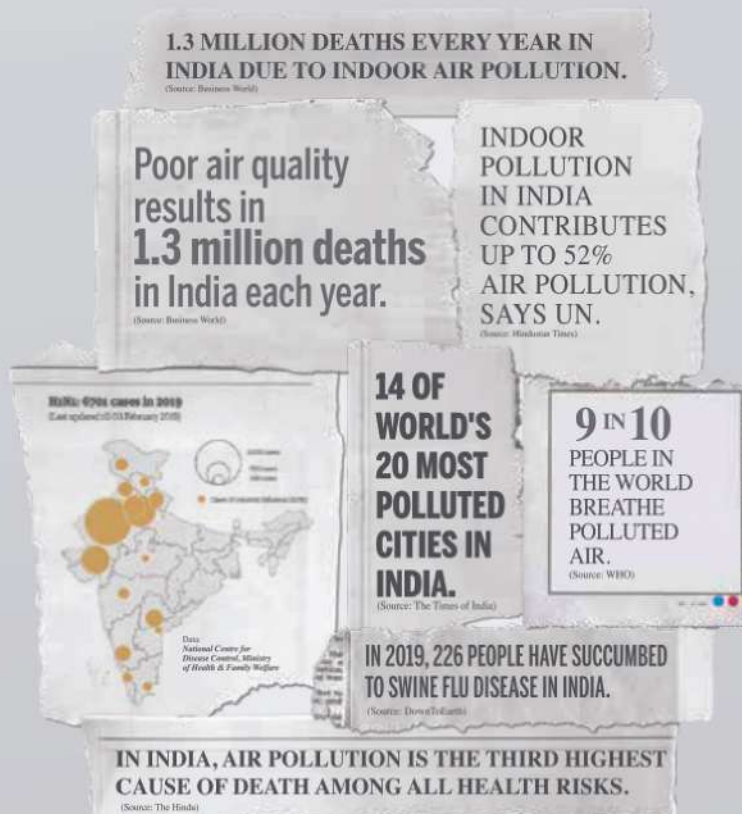

According to various studies conducted on HEPA Filtration & UVC Technology

INDIA BREATHES THE MOST POLLUTED AIR IN THE WORLD.

Hence the need to ensure we breathe in clean and pure air is now, more than ever

EVERY BREATH YOU TAKE CAUSE HARM TO YOUR BODY

SHORT TERM IMPACTS

Headache | Dizziness | Allergy | Fatigue | Irritation | Coughing
Wheezing & Breathing Difficulty | Watery Eyes Running Nose &
Sneezing Nasel Congestion

LONG TERM IMPACTS

Allergies | Bronchitis | Asthma | Heart Attack | Lung Cancer
Impotency | Infertility | COPD | Abnormal Pregnancy

PRESENTING VIROKILL

GTUVC9 Air Purifier & Steriliser

Virokill Air purifiers with unique filter UVC Technology are designed to suit the modern day needs of your family.

Certified by **WHO-GMP & FDA(C)**, Our feature-rich purifier is well equipped with high end filtration process to ensure maximum performance. From easy-to-use features to intelligent technology and performance, every Virokill Air Purifier designed to ensure that you and your family breathe not just pure air but **Pure & Healthy Air**.

Now say goodbye to allergies and illness by breathing in pure and disease-free air, with Virokill

Finest quality of pure air delivery with maximum filtration stages

India's First **True HEPA** Filter which is resistant to H1N1, Swine Flu Virus

Improve Lung Fertility

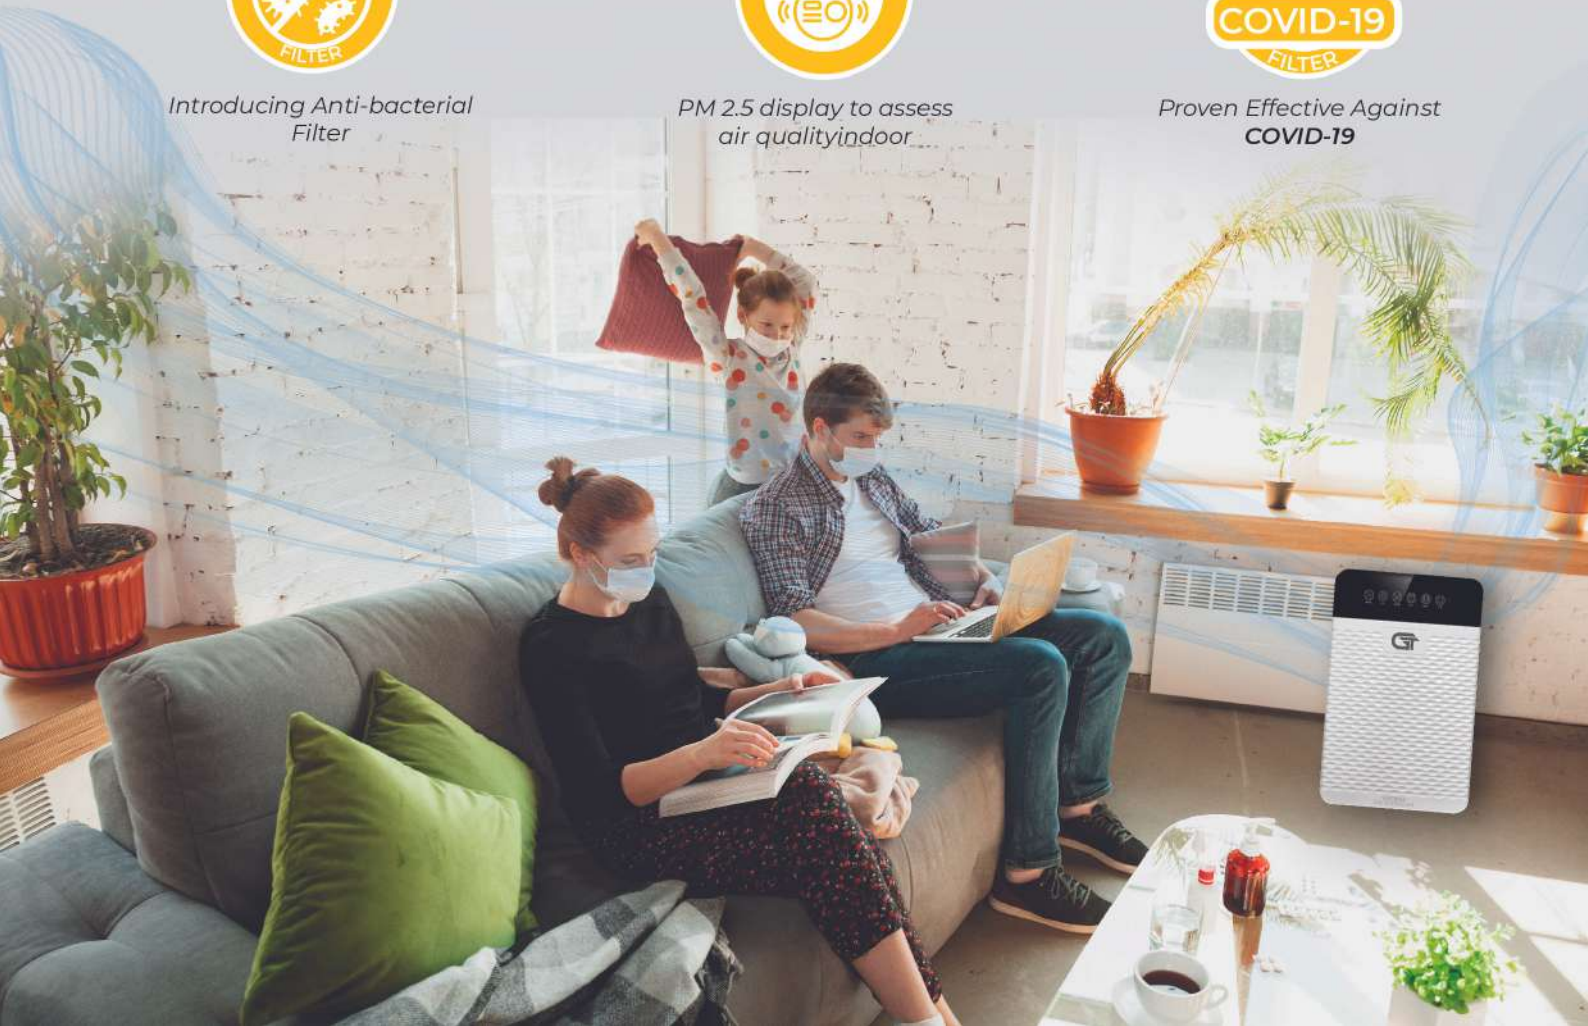

Introducing Anti-bacterial Filter

PM 2.5 display to assess air quality indoor

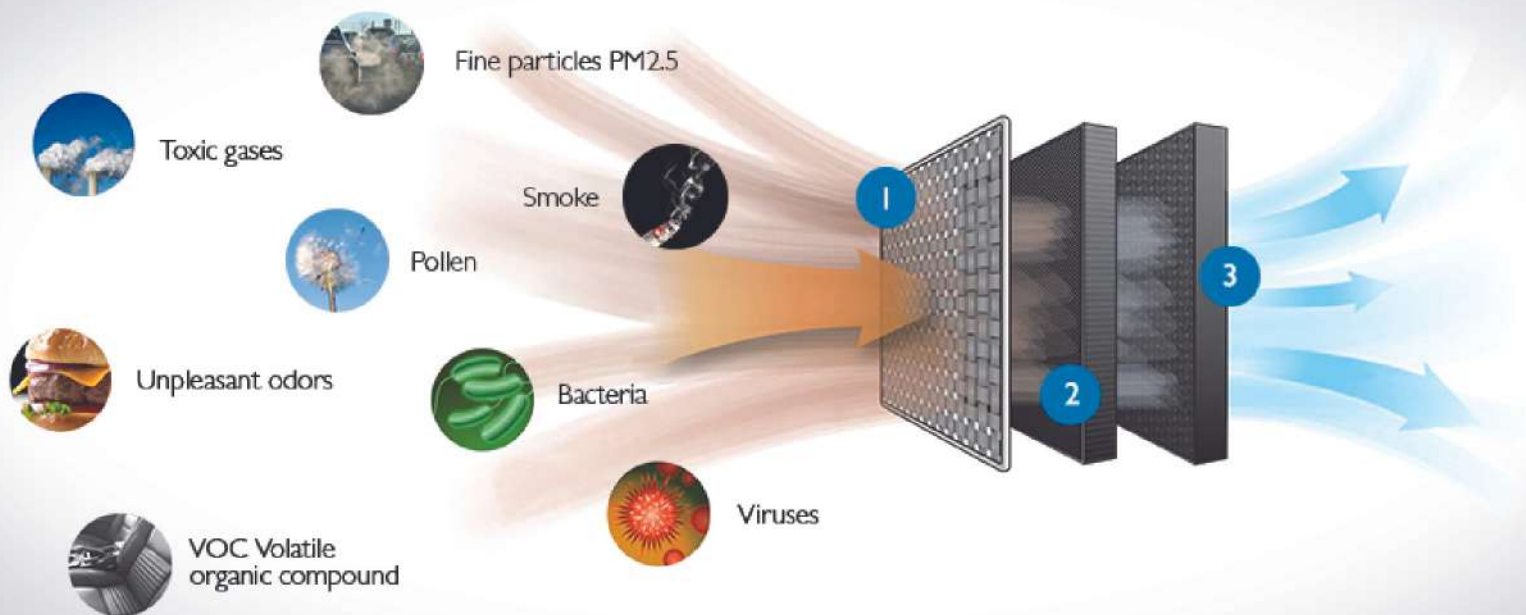

Proven Effective Against **COVID-19**

WHY OPT FOR VIROKILL GTUVC9?

Because Our **True HEPA** Filters with activated carbon for a 3 Layer Filtration of extra safety which helps to prevent Airborne Viruses like COVID-19*

Virokill Air purifiers come with unique UV Technology Filtration, which are the most effective stages of filtration present in any modern day air purifier.

*Our unique air purification process absorbs impurities Allergens, Chemicals, odours, gases, fumes and traps pollutants like PM 10 & PM 2.5, viruses as **SARS COVID-19** and bacteria, pollen and other harmful contaminants.*

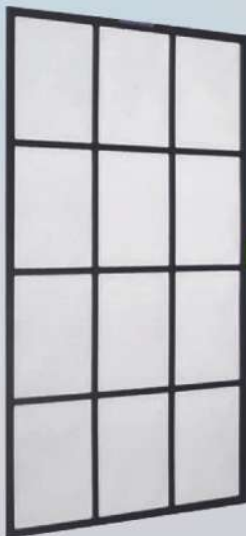

*Our True HEPA filters can clean indoor air with an efficiency rate of **97%**!*

WORLDS FIRST LAB TESTED 3 LAYER CARBON ACTIVATED TRUE HEPA FILTERS

The air Inside your home is full of disease spread of various allergence. To Protect you and your loved ones from these contaminants,

Virokill is introducing three layer filters with *True HEPA* system

1. Pre-Filter

Captures
large
particles

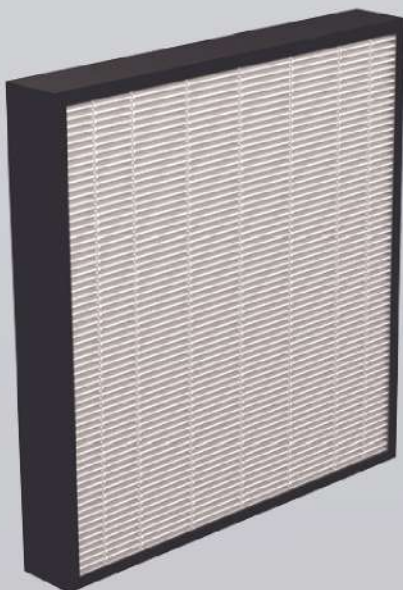

2. Active CARBON Filter

Adsorbs odours
and Volatile
Organic
Compounds
(VOC's)

3. True HEPA Filter

Captures small
particles as small
as 0.15 microns

VIROKILL AIR PURIFIER

GTUVC9

- Area Covered **550 sq. ft.***
- In built Ultra Silent Sleep Mode **38-53 DB** (Proportionate to fan speed)
- Power Supply of **AC 220v**
- Power Efficient **35W**
- Dimensions **33x55x17 cm**
- Ultra Lightweight Technology of **3.5 KG's**
- Trusted by Experts Worldwide
- Filter **True HEPA 3-Stage** Purification
- SMOG CADR **220 M³/H**
- HCHO CADR **150 M³/H**
- Air Purification Volume **160M³/H**
- Touch interface
